eFRAIT Commercialisation

Expression of Interest
·Email academic leads:
· - carolyn.wallace@southwales.ac.uk
· - michelle.thomas@southwales.ac.uk
·Visit https://www.frait.wales to learn more.

Initial Discovery Call / Demo
·Overview with USW stakeholders
·Overview of eFRAIT capabilities and current deployment model
·Integration needs (e.g. NHS IT systems or EHR)

Requirement Gathering
·Technical fit: server specs, data security, authentication (2FA, audit logs)
·User roles and permission levels
·Integration needs (e.g. NHS IT systems or EHR)

Agreement Phase
·Licensing model
·Deployment and maintenance agreement
·Customisation needs & budget estimation

Deployment Preparation
·Onboarding support from USW
·Deployment planning and resourcing
·Domain setup, DNS, SSL
·etup for 2FA compliance

Technical Deployment
·Backend setup: Laravel + PostgreSQL
·Frontend setup: React SPA + Tailwind CSS
·Testing: unit, integration, user acceptance
·Audit & security validation

Staff Training & Community of Practice
·Use eLearning + in-person sessions

Go-Live & Support
·Go-live with tracking and audit in place
·Post-deployment monitoring
·Support channels and feedback loops
